FEATURED SPEAKERS

Karen E. Firehock, AICP

Ms. Firehock co-founded the national Green Infrastructure Center Inc. (GIC) in 2007. The GIC maps, models and creates strategies to conserve or restore natural resources in both wild and urban landscapes. She has directed 100 green infrastructure planning projects, many of which focus on resiliency of forests. She has authored the books *Strategic Green Infrastructure Planning: A Multi-scale Approach* and *Green Infrastructure: Map and Plan the Natural World in GIS*. She is most proud of her recent guide, *Tree Planning and Planting Campaigns: A Guide for Reforesting Cities and Towns*.

Darren Green, ASLA

Darren has been the Landscape Architect for the City of Alexandria, LA since 2001. His principal responsibilities include overseeing the management of all public trees, administering the City's Tree & Landscape Ordinance, and coordinating landscape maintenance and improvements in city parks and green spaces. He also maintains a small landscape architecture practice. Darren has served as President of the Louisiana Chapter of the American Society of Landscape Architects, the Louisiana Urban Forestry Council, and the Society of Municipal Arborists.

LOCATION DETAILS Remember to plan for your travel, lodging and evening meals. We do **not** procure a room block for this event. Hotels are located in nearby Tarpon Springs and Odessa. Dress for your comfort level indoors.
